2 Background

The City of Pittsburgh maintains medical coverage for its covered employees and retirees. On January 1, 2016 the City moved to the self-insured funding arrangement for most of its medical coverages. In order to review and establish a baseline for best practice claims management of its medical plans, the City requests a comprehensive audit of its medical claims under the self-insured plan for 2016.

In 2016 the City utilized two carriers for its medical plans, i.e. Highmark and Aetna. Both of these entities paid medical claims for the City for all self-insured plans for 2016.

For active employees the City maintained two PPO plan designs in 2016:

- A 'Basic Plan' used by its non-union and eight of its unions, and
- A 'Premier Plan' or 'Fire Plan' used by Police union members who elect this plan for years on and after 1/1/2014, and all Fire union members.
- In 2016 these plans covered approximately 2,650 employees and 5,700 lives.
- There were approximately an additional 400 employees and 650 lives covered by a separate union plan which is not part of the City's self-insured medical plans and this audit RFP.

For retirees covered by the City's self-insured medical plans, these individuals are in plans which mirror their coverage in place at retirement. There were approximately 650 individuals and 900 lives covered under retiree medical plans for 2016. Additional retirees aged 65 and older are covered under insured plans and are not included in this audit.

The retiree self-insured plan designs need to be considered in this RFP for bidding purposes. There were 24 plan designs for these retirees comprised of either a variety PPO designs, one Indemnity and one HMO. There are 12 plan designs for the Police union and 12 additional for the Fire union.

Active employees and retirees elected either Highmark or Aetna as their medical carrier/network for 2016. All plan designs were available under both carriers/networks. Proposal pricing needs to consider these variables and ensure claims are paid accordingly and not in duplicate. UPMC claims apply only on and after 1/1/2017.
